

LED SMD Floodlight White Body IP65

Light color

Neutralweiß

| Technical Specification                  |              |                    |                                    |
|------------------------------------------|--------------|--------------------|------------------------------------|
| Brand                                    | Optonica     | Instant On         | 0.1 s                              |
| Dimmable                                 | No           | Input voltage      | AC: 220-240V                       |
| Energy Consumption                       | 10 kWh/1000h | Beam angle         | 90º                                |
| Items per pack                           | 1            | Material           | ALU+Glass                          |
| Lumen maintenance at end of service life | 70%          | Temperature        | -20C/ +40ºC                        |
| On/Off Cycles                            | 25 000x      | Color Designation  | Neutral White Light (NW)           |
| Operating Frequency                      | 50-60Hz      | Product Code       | FL10-B3                            |
| Ra ≥                                     | 80           | Cable              | 15cm, 3x0.75mm² white rubber cable |
| Warranty                                 | 2 Years      | FLUX per watt      | 90lm/ W                            |
| Energy Efficiency Label                  | F            | Glass              | White edge clear glass             |
| Power LED                                | 10W          | Life span          | 25 000h                            |
| Color Code                               | 845          | Power Factor       | 0.7                                |
| Correlated Color Temperature             | 4500K        | Size of product    | 97.5x111x22 mm                     |
| Items per box                            | 50           | Wattage Equivalent | 66W                                |
