### LED Strip 2835 Waterproof Proffesional Edition

Light color

Warmweiß

## Technical Specification

|                                          |                 |
|------------------------------------------|-----------------|
| Beam angle                               | 120°            |
| Brand                                    | Optonica        |
| Life span                                | 25 000 Hours    |
| Lumen maintenance at end of service life | 70%             |
| On/Off Cycles                            | 25 000x         |
| Operating Frequency                      | 50-60Hz         |
| Ra ≥                                     | 80              |
| Temperature                              | -30°C / +50°C   |
| Warranty                                 | 2 Years         |
| Power Factor                             | 0.5             |
| Color Code                               | 828             |
| Color Designation                        | Warm White (WW) |
| Correlated Color Temperature             | 2700K           |
| Instant On                               | 0.2s            |
| Dimmable                                 | Yes             |

|                         |                 |
|-------------------------|-----------------|
| Energy Efficiency Label | G               |
| LED Type                | SMD             |
| Energy Consumption      | 4.8/m kWh/1000h |
| Input voltage           | 12V             |
| LEDs/m                  | 60              |
| Material                | Flex PCB        |
| Power per meter         | 4.8W/m          |
| Roll                    | 5m              |
| Product Code            | ST2835-A2       |
| IP                      | 54              |
| Weight of Product       | 155 gr.         |
| EAN Code                | 3800156647336   |
| Flux                    | 300 lm/m        |
| Light Color             | Warmweiß        |
