### Luz LED Solar para Jardín 1200mAh/3.2V 90LM IP65

Power

1W

Light color

Luz blanca

## Technical Specification

|                                          |              |                     |                                  |
|------------------------------------------|--------------|---------------------|----------------------------------|
| Beam angle                               | 120°         | Input voltage       | 5V                               |
| Brand                                    | Optonica     | Instant On          | 0.1 s                            |
| Correlated Color Temperature             | 6000K        | Temperature         | -20°C/ +40°C                     |
| Dimmable                                 | No           | Operating Frequency | 50-60 Hz                         |
| Life span                                | 25 000 Hours | Product Code        | GD1-A5                           |
| Lumen maintenance at end of service life | 70%          | EAN Code            | 3800156693579                    |
| On/Off Cycles                            | 25 000x      | Flux                | 90lm                             |
| Ra ≥                                     | 80           | Items per box       | 64                               |
| Warranty                                 | 2 Years      | Material            | ABS + PC                         |
| Items per pack                           | 2            | Size of Box         | 535x465x280mm                    |
| FLUX per watt                            | 90lm/W       | Size of package     | 130x56x260mm                     |
| IP                                       | 65           | Size of product     | Φ126x51.8 mm                     |
| Body Color                               | Black        | Working time        | 12-14 Hours / Charging 4-6 Hours |
| Power                                    | 1W           | Light Color         | Luz blanca                       |
