

## LED Strip 5050 24V Non-Waterproof Proffesional Edition

| Technical Specification                  |  |                    |                         |                  |
|------------------------------------------|--|--------------------|-------------------------|------------------|
| Beam angle                               |  | 120°               | Dimmable                | Yes              |
| Brand                                    |  | Optonica           | Energy Efficiency Label | G                |
| IP                                       |  | 20                 | Weight of Product       | 100 gr.          |
| Life span                                |  | 25 000 Hours       | LED Type                | SMD              |
| Lumen maintenance at end of service life |  | 70%                | LEDs/m                  | 60               |
| On/Off Cycles                            |  | 25 000x            | Material                | Flex PCB         |
| Operating Frequency                      |  | 50-60Hz            | Roll                    | 5m               |
| Ra ≥                                     |  | 80                 | Energy Consumption      | 14.4/m kWh/1000h |
| Temperature                              |  | -30°C / +50°C      | Power per meter         | 14.4W/m          |
| Warranty                                 |  | 2 Years            | Input voltage           | 24V              |
| Power Factor                             |  | 0.5                | Product Code            | ST5050-A3        |
| Color Code                               |  | 845                | EAN Code                | 3800156648500    |
| Color Designation                        |  | Neutral White (NW) | Flux                    | 600 lm/m         |
| Correlated Color Temperature             |  | 4500K              | Light Color             | Neutralweiß      |
| Instant On                               |  | 0.2s               |                         |                  |
