

### LED Lens Module 3 2835

Power

1.5W

Light color

Kaltweiß

### Technical Specification

|                                          |                  |
|------------------------------------------|------------------|
| Brand                                    | Optonica         |
| Color Designation                        | White Light (WH) |
| Life span                                | 25 000 Hours     |
| Lumen maintenance at end of service life | 70%              |
| On/Off Cycles                            | 25 000x          |
| Operating Frequency                      | 50-60Hz          |
| Ra ≥                                     | 80               |
| Temperature                              | -30°C / +50°C    |
| Warranty                                 | 2 Years          |
| Power Factor                             | 0.5              |
| Instant On                               | 0.2s             |
| Dimmable                                 | Yes              |
| FLUX per watt                            | 80lm/W           |
| Energy Efficiency Label                  | G                |
| Color Code                               | 865              |

|                              |               |
|------------------------------|---------------|
| LED Type                     | SMD           |
| IP                           | 65            |
| Input voltage                | 12V           |
| Beam angle                   | 160°          |
| Product Code                 | MO2835-A1     |
| Correlated Color Temperature | 7000K         |
| Items per pack               | 20            |
| Material                     | Thermoplastic |
| Energy Consumption           | 1.5 kWh/1000h |
| Flux                         | 120 lm        |
| Power                        | 1.5W          |
| Size of product              | 75x15 mm      |
| Weight of Product            | 9 gr.         |
| EAN Code                     | 3800156645219 |
| Light Color                  | Kaltweiß      |
